Easy Series Refrigeration Controls

In-depth knowledge of the applications in the sector and the needs of the market has allowed CAREL to design a technologically advanced product with a simple approach. Easy is the expression of CAREL's decades of experience in refrigeration and the special care it has always paid to details.

With easy, CAREL offers the market a product designed specifically for refrigeration control in bar, catering, display cabinet and refrigerated showcase applications, designed directly based on requirements "from the field", with an elegant and modern design.

easy is a range with a wide choice of models, including a compact version that is ideal for rooms in which space is a crucial element. easy simplifies the initial configuration phase of the unit and features new technology for creating special models with custom functions.

**Probes sold separately.*

Item #	Item Name	Description	Power Input (AC)	Total Number of Relays	Price	Note on Price
PJEZS0P1E0	Easy	1 relay: compressor (16 A), 1 temperature input, screw terminal blocks - normal temperature	115 V	1	\$94.00	Applicable to North America only.
PJEZS00500	Easy	1 relay: compressor (8 A), 2 temp. inputs, 1 digital input, buzzer, removable terminals, blue display	115	1	\$122.00	Applicable in North America only.
PJEZS0P000	Easy (replaces PJ32S0P000 and PJ32S1P000)	1 relay: compressor (16 A), 2 NTC probes, 1 digital input, buzzer, removable terminals, red display - normal temperature	230	1	\$99.00	Applicable to North America only.
PJEZC00000	Easy (replaces PJ32C00000)	3 relays: compressor (8 A), defrost (8 A), fan (8 A), 2 temp. inputs, 1 digital input, removable terminals - low temperature ventilated units	230 V	3	\$108.00	Applicable to North America only.
PJEZS00100	Easy (replaces PJ32S00100)	1 relay: compressor (8 A), 2 temp. inputs, 1 digital input, removable terminals - normal temperature	115 V	1	\$93.00	Applicable to North America only.
PJEZS0P100	Easy (replaces PJ32S0P100)	1 relay: compressor (16 A), 2 temp. inputs, 1 digital input, removable terminals - normal temp.	115 V	1	\$99.00	Applicable to North America only.

PJEZC00100	Easy	3 relays: compressor (8 A), defrost (8 A), fan (8 A), 2 temp. inputs, 1 digital input, removable terminals - low temperature static units	115 V	3	\$108.00	Applicable to North America only.
PJEZS2L100	Easy NTC High Range	NTC high range: 2 relays: compressor (8A), independant aux (8A), 2 temp. inputs, 1 digital input, buzzer, RTC, removable terminals, red display.	115 V	2	\$163.00	Applicable to North America only.
PJEZSNH100	Easy Compact	1 relay 2 Hp, 2 temp. inputs, removable terminals	115 V	1	\$105.00	Applicable to North America only.
PJEZSNH000	Easy Compact	1 relay 2 Hp, 2 temp. inputs, removable terminals	230	1	\$105.00	Applicable in North America only.
PJEZS0G000	Easy Powerline	2 relays: compressor (2 Hp), independent auxiliary (8 A), 2 NTC probes, 1 digital input, removable terminals - normal temperature. Red display	230 V	2	\$111.00	Applicable to North America only.
PJEZS0G100	Easy Powerline	2 relays: compressor (3/4 Hp), independent auxiliary (8 A), 2 temp. inputs, 1 digital input, removable terminals - normal temperature (3/4 Hp relay is a 2 Hp relay at 250 Vac)	115 V	2	\$111.00	Applicable to North America only.
PJEZC0M100	Easy Powerline	3 relays: compressor (2 Hp), defrost (8 A), fan (8 A), 2 temp. inputs, RTC, 1 digital input, removable terminals - low temperature ventilated units	115 V	3	\$167.00	Applicable to North America only.
PJEZC0M500	Easy Powerline	3 relays: compressor (2 Hp), defrost (8 A), fan (8 A), 2 temp. inputs, RTC, 1 digital input, removable terminals, blue display - low temperature ventilated units	115 V	3	\$197.00	Applicable to North America only.
PJEZY0H100	Easy Powerline	2 relays: compressor (2 Hp), defrost (8 A), 2 NTC probes, 1 digital input, removable terminals - low temperature static units	N/A	2	\$111.00	Applicable to North America only.
